

HANA ACADEMY 2019 SUMMER CAMP PROGRAM

Philippines

WHY HANA ACADEMY?

FAMILY CAMP NEAR CLARK CITY IN THE PHILIPPINES !!!

You can study in this peaceful academy with your beloved children far away from your country.

HANA Academy has excellent native teachers. We do not select our teachers simply because they are native speakers, but because they have superb communication skills and several years of experience teaching foreign students.

The huge advantage of studying here at HANA, and the Philippines, is that students receive extensive one-on-one instruction from both native and Filipino teachers. This is a unique opportunity, which is not available even to students who study in the U.S., Canada, Australia, etc.

HANA is located in a convenient and safe area, surrounded by large supermarkets, malls, Korean restaurants, Japanese restaurants, fast-food outlets, cafes, and right beside a golf driving range. Avid golfers can even take advantage of a monthly discount at the driving range.

So, there is no need to travel far, in order to enjoy the city's amenities and socialize with foreign friends. There is also a nearby police station, so students can study without worrying about their safety.
